Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Speciel! Von Leon Lerborg I've read plenty of introductory books in organizational theory from the anglo-saxon world. This book is telling the story in a different way. Not only are german writers and managers included. It also has another take on the typical matters of organizational theory. Lastly the book is a fair and unbiased description of the

many theories. If there was just more books like this today - and in the English speaking world ...
